Positive Thoughts

"Never talk defeat. Use words like hope, belief, faith, victory."

—Norman Vincent Peale

TONY'S TANTALIZING TIDBITS

Now, here's a positive thought. Once a month Chef Tony prepares a "tantaling tidbit" for us. Seen above is Tony serving a banana split to resident Steve Harris.

If you haven't been coming down, try it next month. There's always something special.

COULD YOU USE AN EXTRA \$200? If your referral moves into Coventry Place, not only will you have a new neighbor, you'll get \$200 after they've been here for 45 days.

NEW YEAR'S EVE

There might be a teddy bear for Valentine's Day in the top picture, but here we're celebrating the New Year.

As you can see, there's not an empty seat in the house.

Staff and volunteers helped serve under the helium balloons.

And to top it all off, we had entertainment.

TREE PLANTING DRIVE

Lucy Mills has generously offered us ten trees that she will be getting because of her membership and donation to the Arbor Day Foundation. There will be two Redbuds, two white flowering Dogwoods, two flowering Crabapples, two Washington Hawthorns and two Goldenraintrees. We hope to have a tree planting ceremony when we know the arrival date. Thanks go out to Lucy.

Not Idleman

Bobbie Idleman certainly does not reflect her last name. Seen in the picture on the left are just a few of the quilts she has made. The one she's holding is getting nearer completion. She's on square #87 of 100. Wow!

Bobbie started quilting in 1955, when her mother-in-law left her two daughters-in-law quilt tops. To date, Bobbie is on her 27th quilt.

But that's not all. Bobbie makes fabric books for children and she knits beautiful sweaters. Her great-grandson had his on when he was here for Christmas.

She also goes regularly to the DeKalb Wellness Center to exercise (she even walks to get there).

Bobbie loves to play games, and though she didn't tell me this, I think what she craves is a bridge game. Check with her and see.

RETIREES TO RECEIVE A NICE RAISE

Social Security checks are going up \$63 a month for the typical retiree, the largest increase in more than a quarter century. The 5.8% increase announced in November will go to the 50 million Americans receiving benefits. It will begin in January and is the biggest jump since the 7.4% of 1982. The \$63 typical monthly increase compares to the \$24 advance that retirees saw in the 2008 increase of just 2.3% and the smallest in four years.

The upcoming help for the retirees should help the faltering economy as

well, assuming they spend much or all of the additional money.

In another break for most retirees, the cost of living increase will not be eaten up by higher monthly premiums for the part of Medicare that pays for physician services. Because of gains in the Medicare Part B trust fund, that premium will hold steady at \$96.40 a month, although higher-income people including couples making more than \$170,000 annually will see their premiums increase.

COMMENTS MADE IN 1955

"Did you hear the post office is thinking about charging a dime just to mail a letter?"

"If they raise the minimum wage to \$1, nobody will be able to hire outside help at the store."

"When I first started driving, who would have thought gas would someday cost 29 cents a gallon. Guess we'd be better off leaving the car in the garage."

3rd PLACE - JACKIE MERAN

Thanks to all who participated.

LAKE LANIER ISLAND'S NIGHT OF LIGHTS

The bus was full for the trip to Lake Lanier to see the Christmas lights.

AT THE DECEMBER ARTS AND CRAFTS, THEY MADE BEAUTIFUL GINGERBREAD HOUSES.

Thanks to Kay Potter and her friends, Karen Johnson and Sandra Love, for bringing the gingerbread houses to be decorated. And of course, thanks to Cathy Archibald for helping.

Anita, Tony, Vivian and Wilda prepare for the Christmas luncheon.

THE CHRISTMAS PARTY WITH SIERRA WAS LOTS OF FUN! THANK YOU, TANYA.

WOOD, YOU BE MINE!

How much wood would a
woodchuck chuck
If he didn't have to take time off
To play groundhog?

A Roman priest named Valentine
Tore his pants on a board of pine.
Sure am glad that they weren't mine
(My briefs are a little short.)

And then, no matter what you hear,
Be thankful this is not Leap Year.

RONALD McDONALD

Bobbie Idleman, Coventry Place resident, brought some interesting information to us for the newsletter. Ronald McDonald collects the tabs off of canned drinks and turns them into cash to help with the expenses of providing housing for the families of sick children.

Let's start saving the tabs here at Coventry Place. We'll put a container at the front desk.

COMMENTS MADE IN 1955!

"I'll tell you one thing, if things keep going the way they are, it's going to be impossible to buy a week's groceries for \$20."

"Have you seen the new cars coming out next year? It won't be long before \$2,000 will only buy a used one."

We love having guests. Pictured above are Ellen Wright's and Jim Hamilton's Christmas luncheon guests.

Margaret Hudlow and guests

And lots of residents and guests!

PLEASE JOIN US

The staff and, I'm sure, our residents enjoy having the opportunity for their family and friends to come to Coventry Place and celebrate.

Groundhog Day

The legend of Punxsutawney Phil surfaces each February, as does a groundhog by that name who some believe predicts future weather.

This year, Punxsutawney Phil emerges from hibernation on Feb. 2 in Punxsutawney, Pa. Legend says that when he pops from his burrow, he'll reveal how much winter weather is left. If he sees his shadow, winter lasts another six weeks. If he doesn't see his shadow, spring is soon on its way.

Naysayers argue that Phil's prognostication is decided in advance by his handlers. They say he's correct only one-fourth of the time. But many diehards swear Phil never is wrong.

Some also think Phil drinks the "elixir of life." After all, Phil's been around since 1887. Yet experts say the average groundhog's life span is only five years.
