TIME SO SHORT

The years ahead are oh so long
 We think we'll never get there.

Anticipation's not a song
 To ease the daily care.

But once we've put the years behind
 We marvel at the speed

With which remembered toil and grind
 Compress the need and deed.

At ten the thought of eighty more
 Is impossible to grasp.

At ninety, quite a different score,
 Where'd the years go so fast?

WELCOME

NEW RESIDENTS

I know you'll all want to welcome the new residents who moved in during December after the newsletter was published and those who will be moving in January.

BE A GOOD NEIGHBOR AND SEEK THEM OUT.

Watch for the new faces and introduce yourself. Moving to a new home can be challenging, so let's all be good neighbors.

OUR RESIDENT'S COUNCIL

I know we had this picture in last month's newsletter, but I decided to run it again to promote our resident's council meeting.

The first meeting of the year will be on Monday, Jan. 3, 2011, at 3 p.m. Please make plans to attend.

The Resident's Council is your forum. It's your opportunity to make suggestions to improve our community, your home. It's also your opportunity to ask questions if there is something you don't understand.

I would like to see the Council take on a project. Can you think of something we could all work on together, something we would all enjoy? We completed the Flag Project in November at our Veteran's Day Celebration, so it's time for something new. Think about it.

Cravings of Ice Could Signal Anemia

While fatigue is a typical symptom of the blood disorder anemia, a new warning sign could also indicate presence of the disease: a craving for ice.

Anemia, a condition where the blood lacks enough healthy red blood cells, is the most common blood condition in the U.S. and affects about 3.5 million Americans. Red blood cells transport oxygen to the organs, but if the organs aren't getting enough oxygen, fatigue occurs. So where does ice come into play?

Researchers believe there could be a link between ice cravings and iron-deficiency anemia, the most common form. A compulsion to eat ice, also known as pagophagia, may relieve inflammation in the mouth that iron deficiencies cause.

Seniors may have a greater risk of developing anemia because of changes in diet or other medical conditions. If you're having unusual cravings for ice or frequently feel fatigued, talk to your doctor.

\$200

COULD YOU USE AN EXTRA \$200? If your referral moves into Coventry Place, not only will you have a new neighbor, you'll get \$200.

WE CELEBRATED CHRISTMAS

Earl Polk's family presented a wonderful Christmas program.

We had carolers from local churches...

and more carolers...

and trimmed the Christmas tree in the dining room.

Remember to say "thank you" to Anita for all of our beautiful decorations. She does a great job every year and outdid herself this year.

THE DECEMBER BIRTHDAY PARTY

ESTELLE BYRD

On Tuesday, Dec. 14, we celebrated the birthdays of all the residents born in December. The resident who had achieved the most birthdays was Estelle Byrd, pictured with the cake.

Above in the picture, seated from left are Sylvia Okula and Preston Evans. Standing from the left are Naomi Kelly, Louise Jones, Marjorie Hendricks, Estelle Byrd, Bernard Frech, and Lucie Anderson. Not able to attend were Lenora Beale and Jan Moser. There were lots of family and friends here to celebrate with us and we really enjoy that. It means so much to our residents and we like meeting everyone.

Please put on your calendar to come to the birthday luncheon. The January luncheon will be on the eleventh.

Call ahead, 404-296-0962, to make reservations. Each celebrant can have up to four guests at no charge.
